

# The proof is in the purple.

Carlisle FoodService Products considers food safety a serious priority. Protecting your customers against food allergies is an important part of any food safety system. Present to your customers our new line of purple allergen control products.

Allergy sensitive patrons are a serious concern for every foodservice establishment.

**Every 3 minutes**, a food allergy reaction sends someone to the **emergency room**.

It is the responsibility of a reputable foodservice provider to ensure that their customers are **safe** and protected. Carlisle FoodService Products has introduced a full line of **purple products** to help operators implement allergen programs that are efficient and organized. By using **purple allergen control products**, foodservice operators can store, prepare, serve and clean while ensuring cross contact is dealt with in the most effective manner. We have smart solutions for serious problems. **The proof is in the purple.**

## 15 million Americans have food allergies

### The Big 8:

- milk
- eggs
- fish
- shellfish
- tree nuts
- peanuts
- wheat
- soybeans

**1 in 13 children are affected with food allergies and are at the highest risk of fatal food-induced reactions**
